## Research Essay Outline

In the **Topic** section, write one or two sentences to describe the problem communicated in the RFP and to explain how the functional prototype is addressing that problem.

In each of the **Main Idea** sections, fill in information from the L column of your KWL chart. You should have more than three in your chart. Use as many organizers as you need.

In the **Supporting Details** sections, fill in information about your main ideas based upon your research.

In the **Conclusion** section, restate the topic and summarize your main ideas.
