Thinking about Progr	am	min		.	•	
	MIIII		' ' '	3012	•	
NAME			D	ATE		
1. What is the role of the programmer?						
Break the complex behavior "get ready for school	in the m	norning'	,			
 Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b 	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m pelow.	norning'	,			
 Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b 	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m below.	norning'	,			
 Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b 	in the m	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m below.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the m	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them be	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them behaviors and list them behavior at least five smaller behavior at least five smaller behavior at least five smaller behaviors at least five smaller behaviors.	in the m below.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the model	norningʻ	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them be	in the m pelow.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them behaviors and list them behaviors.	in the m below.	norning'	,			
2. Break the complex behavior "get ready for school into at least five smaller behaviors, and list them b	in the model	norningʻ	,
