

Challenge

Bull in the Ring

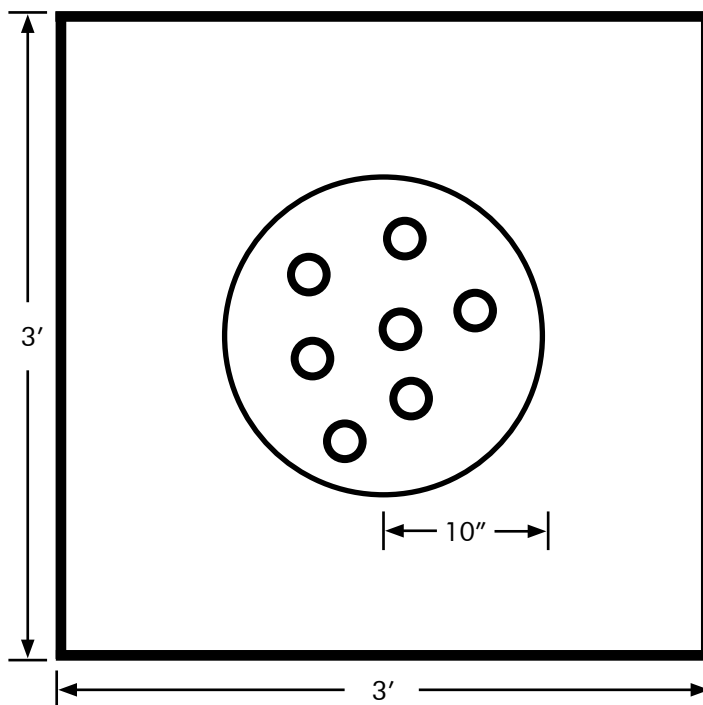

Challenge Description

The goal of this challenge is to force all soda cans outside the circular rink. A time limit should be enforced with a penalty system for robots leaving the rink for too long. The cans can be displaced by any means, and will only be counted if they are outside the circle at the end of the challenge.

Materials Needed

- Black electrical tape
- 7 Soda Cans
- Scissors (or cutting tool)
- Ruler (or straight edge)
